

# I Was Wrong

Ed Prosek

I count the years  
With the things I've lost  
That I wish I'd just forget

The way you danced  
To all your favourite songs  
The things you said  
When you left

And I told myself  
That I could brush this off  
But I can't get you out  
Of my head

And I'm runnin' my hand  
On a faded picture  
Of how it all  
Could've been

And I spend each night  
Starin' at the ceilin'  
Wishin' I could do it all again

'Cause I was wrong  
Hmm, oh, I'm on my way back down  
Won't you stop me, 'cause I know now  
That I was wrong

Hmm, oh, I'm on my way back down  
No, it's too late to save me now  
'Cause I was wrong  
Hmm, oh, I'm on my way back down  
Won't you stop me 'cause I know now  
That I was wrong to watch you walkin' out

And the church bells ring  
In the pourin' rain  
I've been up all night  
I've been up all night

And the songs I sing  
Never speak your name  
But they're all about you  
Just the same

And I'm runnin' my hand  
On a faded picture  
Of how it all  
Could've been

And I spend each night  
Starin' at the ceilin'  
Wishin' I  
Could do it all again

'Cause I was wrong  
Hmm, oh, I'm on my way back down

Won't you stop me 'cause I know now  
That I was wrong  
Hmm, oh, I'm on my way back down  
No, it's too late to save me now  
'Cause I was wrong  
Hmm, oh, I'm on my way back down  
Won't you stop me 'cause I know now  
That I was wrong

I was wrong to watch you walkin' out  
I was wrong to watch you walkin' out  
And I didn't mean to let you down  
(Wrong to watch you)  
(Wrong to watch you walkin' out)  
But I was wrong to watch you walkin' out  
(Wrong to watch you)  
(Wrong to watch you walkin' out)  
(I wanna know where you've been)  
And I'm sorry if I let you down  
(Wrong to watch you)  
(Wrong to watch you walkin' out)  
(I wanna know where you've been)  
But I was wrong to watch you walkin' out

I'm on my way back down  
Won't you stop me 'cause I know now  
That I was wrong

I'm on my way back down  
No, it's too late to save me now  
'Cause I was wrong  
Hmmm, oh, I'm on my way back down  
Won't you stop me 'cause I know now  
That I was wrong

Hmm, oh, I'm on my way back down  
No, it's too late to save me now  
'Cause I was wrong  
HHmm, oh, I'm on my way back down  
Won't you stop me 'cause I know now  
That I was wrong to watch you walkin' out
