

# Let Me Down Easy

Ed Prosek

Look at what you've done  
Thought I was clever  
But now I know better  
Cause I got too caught up  
Stuck in the clouds  
I can't find my way out  
Of this life you made me want  
I hoped I'd be more  
Than another possession of yours

If you're gonna let me down  
Then let me down easy  
Cause heaven knows I've been through enough  
If you're gonna let me down  
Then let me down easy  
Cause I let myself get my hopes up  
So when you let me down  
Won't you do it with love  
Oh, when you let me down  
Won't you do it with love

Tell me what went wrong  
But do it gently  
And don't tell me everything  
If it'll just hurt me more  
Everything seems to be  
Breaking to pieces and  
Falling on the floor  
And I guess I'll be next  
If I'm just a possession of yours

If you're gonna let me down  
Then let me down easy  
Cause heaven knows I've been through enough  
If you're gonna let me down  
Then let me down easy  
Cause I let myself get my hopes up  
Ooh, if you're gonna let me down  
Then let me down easy  
Cause heaven knows I've been through enough  
If you're gonna let me down  
Then let me down easy  
Cause I let myself get my hopes up  
So when you let me down  
Won't you do it with love  
Oh, when you let me down  
Won't you do it with love  
So when you let me down  
Won't you do it with love
