

Let Me Know

Ed Prosek

Well, if it's over then just put me down
And if it's not, we're running 'round and 'round again
And it doesn't bother me as long as you can be my friend
Yesterday, my heart was on the floor
But I picked it up and then I built a fortress here
You can tear down all the walls 'cause they're all for you, my
dear

If it's what you want and it's who you are
Then take my love and run it to the stars 'cause I'm falling ap
art
And my faith is strong and I need to know if I've judged this w
rong
And I swear I'll let it go if you don't love me at all
Please just let me know, please just let me know

She tiptoed softly through the darkest night
She has ever seen in all her life and then
When she reached the other side, she stood without shame or gri
ef
So if she's tired then she can take her time
But if she needs me, I'll be by her side when
She decides the time is right to walk home towards the light

If it's what you want and it's who you are
Then take my love and run it to the stars 'cause I'm falling ap
art
And my faith is strong and I need to know if I've judged this w
rong
And I swear I'll let it go if you don't love me at all
Please just let me know, please just let me know

If it's what you want and it's who you are
Then take my love and run it to the stars 'cause I'm falling ap
art
And my faith is strong and I need to know if I've judged this w
rong
And I swear I'll let it go if you don't love me at all
Please just let me know, please just let me know

Please just let me know
Please just let me know
Please just let me know
Please just let me know
