

Make It Easy

Ed Prosek

The way she moves
Got me lost in a dream
I'm just dazed and confused
When you're around
I can't help losing my cool
It makes a fool out of me
But its the price I pay
For loving you
So hear, I'm begging you

Baby, I'm down on my knees like I'm
Praying for you to come save me
Cause I need you like a drug and I'm
Longing for your touch
And maybe I'm a hopeless cause
But I can't get enough

You only love me when it's easy
You only love me when it's free
So I'll do my best to make it easy
So that you cant stop loving me

The hardest part
Of being alone
Is nursing my heart
Now that you're gone
I put up with myself all on my own
It's worse than it sounds
If only you knew
You wouldn't come around each time I cry

Baby, I'm down on my knees like I'm
Praying for you to come save me
Cause I need you like a drug and I'm
Longing for your touch
And maybe I'm a hopeless cause
But I can't get enough

You only love me when it's easy
You only love me when it's free
So I'll do my best to make it easy
So that you cant stop loving me
