

# Diary

Ed Sheeran

Your love is the strongest thing I know  
I reckon it's been doing weights  
Eating raw eggs in it's cereal  
And running ten miles a day.  
And your love has a driving ban,  
For trying to steer intoxicated with another love inside her hands,  
And your love is a friend of mine  
So we'll take it care tonight

If you could only say the words  
I'd take it and I'd write it down  
And hold it deep inside of me  
Until the day you found me out  
But I know your love,  
And that's why

I could be your diary,  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world,  
Just give me the words.  
And I could be your diary,  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world,  
Just give me the words.

And your love,  
Has never been my enemy.  
Used to hold me  
And promise it would never leave.  
Never been better since all the therapy  
To read the words between the lines  
And take away my melody.  
And your love,  
Told me it was going to a different page.  
And you know, if I let you go,  
I'll still keep you safe.

If you could only say the words  
I'd take it and I'd write it down  
And hold it deep inside of me  
Until the day you found me out  
But I know your love  
And that's why

I could be your diary,  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world  
Just give me the words.  
And I could be your diary,  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world  
Just give me the words.

You are the one I fall asleep with  
But never wake up to  
Cause work is something you must do  
I trust you like you trust me  
It must mean true love  
It does exactly what it says on the tin  
Let me begin  
You are the one I watch the movies with  
For recognizing my love for Kiera Knightley for what it truly is  
Just an excuse so I don't have to watch Love Actually again  
But you're actually the same  
It's just to spite me  
And we eat ice-cream with fishes in it  
Until the dishes finished  
Playing computer games although I know I'll never win it  
I tried to make tea once for you in bed  
But all I did was spill it  
So you made it for me instead  
Let me in bed  
If you get in ahead of me  
It's better to do  
Yeah, love is ahead of the truth  
But in love  
We are better in two  
I'll be the newcomer  
Stuck in heaven with the devil in you

Diary  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world  
Just give me the words.  
And I could be your diary,  
Baby if you open me up.  
Keep it inside me,  
I'll give you the world  
Just give me the words.  
Yeah
