

Typical Average

Ed Sheeran

Strings on my guitar are rusty
Even my best friends don't trust me
Everybody thinks I must be crazy
'Cos, I'm your typical average teen
If you know what I mean
(Typical average teen)
'Cos, I'm your typical average teen
If you know what I mean
(Typical average teen)
Everything's in a haze
Yeah, the drink's got me in a daze
Everything's blurry
Oh, what's happened to me?
Say, I'm your typical average teen
If you know what I mean
(Typical average teen)
Now, I'm your typical average teen
If you know what I mean
(Typical average teen)
