We Are

Ed Sheeran

(Ohhh ohhh) [x7]

Leaves have fallen to the ground
And now there's no one else around
To hear the cry

(Ohhh ohhh)

I saw your body
I saw your face
Loss of presence
Loss of grace
Behind those eyes

(Ohhh ohhh)

And we break down
We lose touch
Sometimes
We are
Alone

(Ohhh ohhh) [x5]

I miss your laughter
I miss your tears
I miss your rambling
About your fears
Your smile
The crowed has gathered
All around
No ones speaking
No one makes a sound
And I...

And we break down
We lose touch
Sometimes
We are
Alone

We break down
We lose touch
Sometimes
Alone

Alone now...

They're never gonna change you
They're never gonna change me
They're never gonna change us
We'll always stay the same

We break down
We lose touch
Sometimes
We are

We break down
We lose touch
Sometimes
We are
We break down
We lose touch
Sometimes
We are
Alone
