

## Fallen Twice

Eddi Reader

She came to him last night  
With a bottle of wine and a broken heart  
And he held her in his arms  
And he wondered for a while  
Was sadness just a broken smile  
From a girl with pale green eyes  
But he knows now what it was  
He was fallen out of love

And she came to him to that night  
He was quietly sending candle light  
When he heard her at the door  
And it ended in this place  
Once they held a warm embrace  
But it slipped right through their hands  
And words just aren't enough  
Fallen out of love

She came to him last night  
With a bottle of wine and a broken smile  
And he held her in his arms  
But he wondered for a while is happiness just a broken  
smile  
From a man who's wasting time  
But he knows now what is true  
He has fallen twice for you  
He has fallen twice for you
