

It's a Beautiful Night

Eddi Reader

It's a beautiful night and I know that it's all mine
The sky is darker than its ever been
The stars are brighter than I've ever seen
And this must be what love is
A moment out of time
And if I say goodbye to you
And years go by I know this will be true
That everything's all right
'Cause it's a beautiful night
Now there's a quarter moon
And it's smiling down on me
Yesterday has been and gone
I know tomorrow might never come
You see I prayed the clocks won't move
This is all I want to be
And when you turned away and laughed
I wished we were a photograph
Tell me everything's all right
'Cause it's a beautiful night
Stars never shone so bright
It's a beautiful night
