Stargirl

Eddie Benjamin

(Ooh)

Space sunshine, floating in the lonely sky
Dreaming is the only high I choose
Sleepless nights shine above a million eyes
I can name a million times you do

You're right next to heaven
Hell is no place to be

You're such a stargirl
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh
You're such a stargirl (You're such a stargirl)
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh

Faceless names, comments from the outer space
They don't have to face your pain so
I love every single part of you, even in the darkest mood
Nothing else I'd rather choose to do

You're right next to heaven
Hell is no place to be
You're right next to heaven
It doesn't take eyes to see

You're such a stargirl (You're such a stargirl)
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh
You're such a stargirl (You're such a stargirl)
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh
You're such a stargirl (You're such a stargirl)
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh
You're such a stargirl (You're such a stargirl)
Entering your world
No getting used to
I'll never get over your glow, oh-oh, oh-oh
