

I Don't Like You Anymore

Eddie Cochran

Yeah you told me you'd meet me at a movie show
I waited and I waited but I had to go
You're not the only girl in town
I won't stand for your foolin' around
Oh-no, ah-ah, I don't like you no more
Well we went to a party last Saturday night
Thought that everything would be all right
But you had to go and put me down
I just won't stand for your foolin' around
Oh-no, ah-ah, I don't dig you no more
Remember baby, when we first met
You said you'd be my by in' pet
Then you turned around just like that
You're treatin' Eddie like a worn-out hat
You're a two-time lover and a full-time flirt
You ain't nothin' but a schemer in a very tight skirt
But I'm gonna go and do the town
I won't stand for your foolin' around
Oh-no, ah-ah, I don't dig you no more
