

Mojo Workout

Eddie Cochran

I got my mojo workin', well my mojo workin'
Well now my mojo workin', well my mojo workin'
Well now my mojo workin', but it just won't work on you
You grab your little girl and you spin her around
You grab both hands and you holler out loud
You turn and you turn till you're back to back
You move your feet and then you don't look back
You do the mojo workout, well the mojo workout
You do the mojo workout till you just can't work no more
Shuffle right on back and you hold on tight
A-hoppin' and a-boppin' from a left to right
Snap your fingers and turn all around
You do a little chicken and you holler out loud
You do the mojo workout, ah work out now

Just one more thing that you gotta learn to do
You stomp and you romp and you do the goochie-goo
You wiggle and you turn and away you go
That's the way you do the mojo
You do the mojo workout, I mean the mojo workout
You do the mojo workout till you just can't work no more
I got my mojo workin', ooh my mojo workin'
