

Born Again

Eddie Kendricks

Not too long ago I was in debt up to my neck
I started to drink, I couldn't think, thought of robbing a bank
Now my credit is up to par
I even bought a house and a brand-new car
(I thank God for turnin' my life, I thank God for turnin' my life)

Born again, I got a new lease on life
I got a clean slate now
Born again, I got a new lease on life
I got a clean slate now

If you're young or old, you still have time to save your soul
I am truly saved, if you believe, you can find heaven on Earth
Makes no difference what color you are
We're all born children of God
(I thank God for turnin' my life, I thank God for turnin' my life)

Born again, I got a new lease on life
I got a clean slate now
Born again, I got a new lease on life
I got a clean slate now
Born again, I got a new lease on life
I got a clean slate now
Born again, I got a new lease on life
And I got a clean slate now

And I'm born again...
Born again, born again, born again

I'm born again, I got a new lease on life
I got a clean slate now, born again
Born again, I got a new lease on life
I got a clean slate now
I'm born again, I got a new lease on life
I got a clean slate now
Born again, I got a new lease on life...
