

# Bubble Hill

Eddie Murphy

Said all acquaintance be forgot  
And never brought to mind  
Knew I will sit on Bubble Hill  
And 'til the end of time

Change (Change, change, change)  
Woo, hoo-hoo!  
Woo, hoo-hoo!  
Everybody  
Ugh, ah, uh, a-c'mon  
Say, "Uh," woo!

Everlastin' romance if that's what you feel  
I'm talkin' 'bout a place where every dream is real (Bubble Hill, Bubble Hill)  
And every day it rains to wash your cares away  
And no one's concerned with if you're straight or gay (Bubble Hill, Bubble Hill)

Live eternal happiness the way you choose  
A Bubble-naire'll never have to sing the blues  
And nobody's rich and there's nobody broke (On Bubble Hill)  
An eternal high that feels like coke and feels like smoke, and all the people say

La, la, la, la, e-la, la, la  
La, la, la, la, e-la, la, la (Ooh)  
La, la, la, la, e-la, la, la (Bubble Hill, Bubble Hill, Bubble Hill)  
La, la, la, la, e-la, la, la (Bubble, Bubble Hill, and want another but don't want any trouble)

All the women get shot up with sex appeal, uh  
And all the boys have bodies just like stainless steel, yeah (Bubble Hill, Bubble Hill)  
A number nine is painted up on every door (On Bubble Hill)  
Alarm clock is always set at five past four  
Our favorite song's on the hit parades, "The Funky Boogaloo"  
It has a perfect beat for all the dances that we do (We like to do it)  
And everybody parties 'til the early mornin' light (On Bubble Hill)  
Bubble Hill will be surely treat your mothers' children right, and all the people say

La, la, la, la, e-la, la, la (Bubble Hill, Bubble Hill)  
La, la, la, la, e-la, la, la (Bubble, Bubble, Bubble, Bubble Hill)  
La, la, la, la, e-la, la, la (Bubble, Bubble)  
La, la, la, la, e-la, la, la (Bubble-Bubble, Bubble-Bubble, Bubble-Bubble, but don't want any trouble)  
Change
