

So Happy

Eddie Murphy

While you're on the town
I have a hard time bein' alone
I'm alone and you look so happy
If I could forget
All the times as lovers we shared
That'll make me happy too
But locked in the back in my mind
There's an image of both you and I
And you know, we both look so happy
It's turnin' and turnin'
All over and all through my mind
So the night's unhappy too

Oh, oh, oh
You're so happy
Oh, I'm blue
Oh, oh, oh
You're so, so happy
Oh, I'm blue

When I see you in places
We always together would go
I concede that you're still happy
You sit at our table
With somebody other than I
And it makes you happy too
I say to myself
"One day you'll remember the time
When we were both so happy"
And all of the gallons of tears I have cried
They will shine and they'll sparkle happy too

Oh, oh, oh
You're so happy
Oh, I'm blue
Oh, oh, oh
You're so, so happy
Oh, I'm blue

I never thought I'd be alone
Alone in heart, alone in mind
Alone in the soul
I spend my nights starin' at the walls
Wishin' that my nights could still be yours
I never thought there'd come a time
When I could walk, but feel I'd died
And I'm sure that I could surely fill an ocean
With the multimillion tears that I've cried, uh

Oh, oh, oh
You're so happy
Oh, I'm blue
Oh, oh, oh
You're so, so happy
Oh, I'm blue
Oh, oh, oh
You're so happy

Oh, I'm blue
Oh, oh, oh
You're so, so happy
Oh, I'm blue

So happy
So, so happy
