

# Bring Back The Sunshine

Eddie Rabbitt

Ooh  
Ooh

You never know when you fall in love  
Just how long love will last  
You keep on hopin' that it all works out  
For the best

This morning I woke up to find  
My love was gone with no goodbye  
I sat there wonderin' where it all went wrong  
And then I cried

Bring back the sunshine  
I'm gettin' tired of all this rain all the time down on me  
Bring back the sunshine  
Bring back the days when you were mine, all mine, really mine

A-once I found me this special girl  
She made the clouds all disappear  
But I took her love for granted  
Here come the tears, here come the tears

Bring back the sunshine  
I'm gettin' tired of all this rain all the time down on me  
Bring back the sunshine  
Bring back the days when you were mine, all mine, really mine

Ooh  
Ooh

Bring back the sunshine  
I'm gettin' tired of all this rain all the time down on me  
Bring back the sunshine  
Bring back the days when you were mine, all mine, really mine

Bring back the sunshine  
Ooh  
Bring back the sunshine  
Ooh

Bring back the sunshine  
I'm gettin' tired of all this rain all the time down on me  
Bring back the sunshine  
Bring back the days when you were mine, all mine, really mine
