

# Hearts On Fire

Eddie Rabbitt

We shouldn't be together tonight  
But here we are  
I shouldn't taste the thrill of your kiss  
Here in the dark  
'Cause we're not free to be this free or go this far

Hearts on fire burnin' for each other  
Goin' down in flames somewhere in the night  
Stealin' love again when we're together  
It's too late now, we can't put it out  
Hearts on fire

You shouldn't feel this good in my arms  
But you do  
I shouldn't whisper these things in your ear  
But they're true  
So wrong or right, I'll stay tonight with you

Hearts on fire burnin' for each other  
Goin' down in flames somewhere in the night  
Stealin' love again when we're together  
It's too late now, we can't put it out  
Hearts on fire
