

## I'm a Little Bit Lonesome

Eddie Rabbitt

Well, I'm a little bit lonesome  
I wanna go back home some  
Walk the Tennessee road some  
Smell that morning breeze  
Hey, I'm a little bit lonely  
For my one and only  
And I won't be happy  
'Til she's close to me

Walkin' on the road, playin' music in a country band  
Livin' out of a suitcase doin' them one-night stands  
I'm doin' what I love to do  
But it can get to you  
And tonight, my heart is sadly blue

'Cause I'm a little bit lonesome  
I wanna go back home some  
Walk the Tennessee road some  
Smell that morning breeze  
Hey, I'm a little bit lonely  
For my one and only  
And I won't be happy  
'Til she's close to me

Beautiful lady waiting back in Tennessee  
Love and understanding, everything I wanna be  
And I can feel her missing me  
Cryin' endlessly  
This empty feeling's killing me

'Cause I'm a little bit lonesome  
I wanna go back home some  
Walk the Tennessee road some  
Smell that morning breeze  
Hey, I'm a little bit lonely  
For my one and only  
And I won't be happy  
'Til she's close to me
