

## You Make Love Beautiful

Eddie Rabbitt

Two brown eyes looking up at me  
Helpless as a kitten up a tree  
Holding on, trembling in my arms  
I hope all I've got to give you is everything you want

'Cause my world would just stop turning  
If you ever stop loving me  
You keep that fire burning  
When I hold you close to me  
You make love beautiful  
You make love beautiful  
To me

Two hearts makin' lovin' to the night  
Wrapped around each other tight  
Warm from the fire in your eyes  
And laying here close beside you always feels so nice

And my world would just stop turning  
If you ever stop loving me  
You keep that fire burning  
When I hold you close to me  
You make love beautiful  
You make love beautiful  
To me
