

Can't Help Falling In Love

Eddy Arnold

Wise men say, only fools rush in
But I can't help falling in love with you
Shall I stay, would it be a sin
If I can't help falling in love with you
Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you
Take my hand, take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you
