

## Did It Rain

Eddy Arnold

Did it rain, did it rain at your house last night  
Like it rained, like it rained in mine  
Was it dark and cold, was it an ache in your soul  
Did you almost lose your mind

Did your thoughts wander back to the first time we met  
Did you pray for the sun begin to shine  
Did it rain, did it rain at your house last night  
Like it rained, like it rained at mine

Did your thoughts wander back to the first time we met  
Did you pray for the sun begin to shine  
Did it rain, did it rain at your house last night  
Like it rained, like it rained at mine...
