

# If I Had My Life To Live Over

**Eddy Arnold**

If I had my life to live over I'd do the same things again  
I'd still want to roam to the place we call home  
Where my happiness never would end

I'd meet you when school days were onwards  
And walk through the lanes that we'd knew  
If I had my life to live over I'd still fall in love with you

I'd meet you when school days...

If I had my life to live over I'd do the same things again  
I'd still want to roam to the place we call home  
Where my happiness never would end

I'd meet you when school days were over  
And walk through the lanes that we'd knew  
If I had my life to live over I'd still fall in love with you

I'd meet you when school days...
