

## Love Me Like That

Eddy Arnold

Oh, oh, oh love me like that, love me like that  
And darling love me forever  
Old man and woman a beautiful sight  
Still so in love makes the whole world seem bright

Their age is a symbol of a wonderful thing  
The happiness true love can bring  
Oh, oh, oh love me like that, love me like that  
And darling love me forever

Be mine forever, I want nothing more  
I'll leave you never my heart's very sure  
All that I ask is forever be true  
Love me as I love you

Oh, oh, oh love me like that, love me like that  
And darling love me forever  
And darling love me forever...
