

## Love on My Mind

Eddy Arnold

Well, I have got stars in my eyes and wings on my feet  
And find in my heart the sleepering and kind  
And I've got dreams about you I dream will come true  
A runnin' through me as how you do me, I've got love on my mind

Oh well, I have got smiles on my face and songs on my lips  
And poems that I write the real mushy kind  
And I've got dose that thrills and cold little chills  
A runnin' through me as how you do me, I've got love on my mind

Love on my mind and I'm wantin' you  
To you if you would mind I'm tellin' so

Well, I have got stars in my eyes and wings on my feet  
And the love in my heart the old fashioned kind  
And I've got plans about you if you've got some too  
We'll tell 'em through me I think it do me, I've got love on my  
mind

I love you truly. truly I do, I've got love on my mind...
