

# Oh So Far From Home

**Eddy Arnold**

I'm thinking of you again tonight  
And I'm oh so far from home  
I'm missing you again tonight  
As I sit and dream alone

I'm needing you as I never did before  
But somehow my plans went wrong  
I'm wanting you again tonight  
And I'm, oh so far from home

From my tiny window I see couples on the street  
So in love as they go strollin' on  
And tonight I see myself more in love with you  
And I'm, oh so far from home

And I'm oh so far from home...
