

Please Don't Go

Eddy Arnold

Please don't go, I beg you don't go
For I need you here with me
If we part down deep in my heart
I know what the end will be

No one else can take your place
The love that I have known
If I don't see your sweet face
My life I'll live alone

Stay here with me
That's the way it should be
The world can see
That I can't set you free

Just this once I beg you this once
Forgive for what I've done
I adore you, I was meant for you
Much more than anyone

Darling, I love you so
More than you seemed to know
Say you would meet
Please don't go...
