

## Blue Wave

Eddy Grant

When the morning dew says goodbye to you  
And the sky's forever blue  
Blue wave, what's there to do  
Well, what do you think? Oh, my life

You're my love supreme, climax to my dream  
And your name sweet music sings  
Blue wave, reach out to me  
Well, it's a new day, it's a new day

Blue waves of music and of feelings, ah  
Feeling filtering through the atmosphere  
A new day dawning, ah, for you, ah  
For you and for me

There's a lot to do and I want with you  
To go on from strength to strength  
Blue wave, from before I've learnt my lesson  
Well, what do you think? Oh, my life

You're my love supreme, climax to my dream  
And your name sweet music sings  
Blue wave, reach out to me  
Well, it's a new day, it's a new day

When the morning dew says bye-bye to you  
And the sky's forever blue  
Blue wave, what's there to do  
Well, what do you think? Oh, my life

When the morning dew says goodbye to you  
And the sky's forever blue  
Blue wave, what's there to do  
Well, what do you think? Oh, my life
