

Born Tuff

Eddy Grant

I never thought I'd live to see
The way you treated me
You showing me all your convictions
And still we cannot see
I know that you have got the power
To license right from wrong
But I know when you feel you got the one
Another one will come along, oh

'Cause I was-a born tuff
You said I wasn't good enough
'Cause I was-a born tuff
You said I wasn't good enough

You've woken up and changed the rules
You call philanthropy, yeah
Human rights is just a word
To you but not for me
You're hoping now that we're afraid
Of your technology
But I know, we all got to go
So why should that now frighten me, oh

'Cause I was-a born tuff
You said I wasn't good enough
'Cause I was-a born tuff
You said I wasn't good enough

All right...

White boys sing of our condition
But you won't listen to we, no
They know you're practicing racism
Right down from A to Z
Painting God in-a your image
And the devil just like we
But I won't kill my brother for my neighbor
The time is up, it's love you see, oh

'Cause I was-a born tuff
You said I wasn't good enough
'Cause I was-a born tuff
You said I wasn't good enough

'Cause I was-a born tuff
You said I wasn't good enough

I never thought I'd live to see
The way you're treating me
You showing me all your convictions
And still we cannot see
I know that you have got the power
To license right from wrong
But I know when you feel you got the one
Another one will come along

'Cause I was-a born tuff

You said I wasn't good enough
'Cause I was-a born tuff
You said I wasn't good enough

'Cause I was-a born tuff
You said I wasn't good enough
'Cause I was-a born tuff
You said I wasn't good enough

'Cause I was-a born tuff
You said I wasn't good enough
