

# Dance Party

Eddy Grant

We got a dance party  
Come on now, Julie  
We got a dance party  
We got the people here  
We got a dance party  
Come on now, Julie  
We got a dance party  
We got the people here

Don't you sit and stare here down the lights  
I'm with you, we'll dance all through the night  
Mama, dear, you got nothing to fear  
You can go out, we'll be here

We got a dance party  
Come on now, Julie  
We got a dance party  
We got the people here  
We got a dance party  
I said, come on now, Julie  
We got a dance party  
We got the people here

I don't feel that we should fuss and fight  
'Specially maybe not here tonight  
Feel good music our friends home from school  
It's our night, so just be cool

We got a dance party  
Whoo! Come on now, Julie  
We got a dance party  
Oh, we got the people here  
We got a dance party  
I said, come on now, Julie  
We got a dance party  
We got the people here

We got a dance party  
Come on now, Julie  
We got a dance party  
We got the people here  
We got a dance party  
Whoo! I said, come on now, Julie  
We got a dance party  
Oh, we got the people here

We got a dance party  
I said, come on now, Julie  
We got a dance party  
We got the people here  
We got a dance party  
I said, come on now, Julie  
We got a dance party  
We got the people here

We got a dance party  
I said, come on now Julie

We got a dance party  
Oh, we got the people here

Very soon we'll dance out in the street  
Steel band music for your dancing feet  
Say you love me if it's what you feel  
Life's a dream but this is real

We got a dance party  
Whoo! Come on now, Julie  
We got a dance party  
Oh, we got the people here  
We got a dance party  
I said, come on now, Julie  
We got a dance party  
We got the people here

We got a dance party  
Whoo! Come on now, Julie  
We got a dance party  
Yeah, we got the people here  
We got a dance party  
Whoo! Party, alright  
We got a dance party  
Whoo! Party

We got a dance party  
Ow, ow, ow! Party, alright  
We got a dance party  
Come on now, Julie, whoo!  
We got a dance party  
I said we got the people here  
We got a dance party  
Come on now, Julie, alright  
We got a dance party  
I said, we got the people here  
We got the people here  
We got a dance party  
Alright, come on now, Julie, whoo!  
We got a dance party...
