

Get Down Soweto

Eddy Grant

I love your sunshine golden kiss
Touch me then I feel the thing I missed
One touch from you will see me through
Enough to set my heart in motion
It's a love affair, wanna have you near
Wanna give you my devotion

Hey get down Soweto
I wanna get to love you
Hey get down Soweto
I wanna get to love you

No feeling low in the rain and snow
Just me and you and the ocean
Carnival for tea and you for me
What a sweet enticing notion
