

Just Imagine I'm Loving You

Eddy Grant

Oh...

Don't let your mother tell you no

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Use me as your pillow and, darling
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Use me as your pillow and, darling
Just imagine I'm loving you

Ah-ah-ah, whoa-ah, yeah

Baby, as I kiss your lips
As I kiss your lips, oh...
Oh, I get a lovely feeling
And I know it's really
'Cause I need your loving so bad
Oh, in this never-never world of mine
Girl, I love you till you walk out
And you're not to blame
Oh, when I feel ashamed
That I treat your loving so bad

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Use me as your pillow and, darling
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Use me as your pillow and, darling
Just imagine I'm loving you

Ah-ah-ah, whoa-ah, yeah

Baby as I kiss your lips
And you move your hips
Oh, what a sexy feeling
And though I know it's dreaming
I love your loving so bad
Whoa, it's just the devil in my heart
He don't mean you no harm
All I want to do is love you
When you feel yourself
You got to know yourself
If you got the feeling so bad

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Use me as your pillow and, darling
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do

Use me as your pillow and, darling
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Oh, use me as your pillow and, darling
Just imagine I'm loving you

Whoa, darling, yeah
I got a feel
Don't let your mama tell you no
Oh, girl, I love you so
I need you so
Don't let your mama tell you no, oh...
Oh, let your mama tell you different
Do let your daddy tell you no, oh-oh...
Oh, the feeling in your heart

I want you to get on down with me, darling
(Get on down)
I want you to get on down with me, darling
(Get on down)
I just want to satisfy, want to satisfy
I just want to satisfy, want to satisfy
I just want to satisfy

Oh, darling, baby, in your dreams tonight
What you gonna do
Oh, use me as your pillow and, darling
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
What you gonna do
Oh, use me as your pillow and, darling, yeah
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Oh, use me as your pillow and, darling, yeah
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
Tell me what you gonna do
Mmm, use me as your pillow and, darling, yeah
Just imagine I'm loving you

Oh, darling, baby, in your dreams tonight
(Oh, darling, darling, darling, yeah, yeah, yeah)
Tell me what you gonna do
Oh, use me as your pillow and, darling
Just imagine I'm loving you...
