

Next Time 'Round

Eddy Grant

You and I go back, way back
I can hardly believe the time
I would love another crack at our love
Give it another chance
Girl, you see I love you so bad
Could never believe the pain
You broke my heart, it's so sad
Baby, don't do it again

Because the next time 'round
I would be losing my life
The next time 'round
I would be losing my life

Look how long we paid our dues, now we lose
Somebody has robbed a bank
I can't even find a clue, come along
Baby, don't hesitate
Girl, you see I need you so bad
Your love is to me the best
And to live without you it's so hard
Baby, don't do it again

Because the next time 'round
I would be losing my life
The next time 'round
I would be losing my life

Look how long we paid our dues, now we lose
Somebody has robbed a bank
I can't even find a clue, come along
Baby, don't hesitate
Girl, you see I love you so bad
Your love is to me the best
And to live without you it's so hard
Baby, don't do it again

Because the next time 'round
I would be losing my life
For you, baby
The next time 'round
I would be losing my life
Oh, come on

The next time 'round
I would be losing my life
Come on, baby
The next time 'round
I would be losing my life

The next time 'round
I would be losing my life
