

Nobody's Got Time

Eddy Grant

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time

Every time you turn your radio on
Don't hear about love, don't hear about love
People getting crazier day by day
And everybody feeling, everybody feeling, oh...

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time

What kind of civilization are we living in
Young children on drugs, young children on...
Feel like dropping out, much too young
Everybody feeling, oh, everybody feeling, oh...

Nobody's got time, nobody's got time
(No! No! No!)

Nobody's got time, nobody's got time
(No! No! No!)

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time

Why do we got you feeling
Oh, what kind of feeling
Oh, whoa-whoa-whoa-whoa...
Body move
Let your, let your body move
Woo-woo, let your body move

Every time you turn your radio on
Don't hear about love, don't hear about...
I said, people feel like dropping out, much too young
Everybody feeling, oh-woo...

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
(Oh, over the world)

Nobody's got time, nobody's got time
(Help me, help me, help me)

Nobody's got time, nobody's got time

(I want to keep on dancing)

Nobody's got time, nobody's got time
(Keep on dancing)

Nobody's got time, nobody's got time
(Keep on singing)

Nobody's got time, nobody's got time
(Oh, keep on dancing)

Nobody's got time, nobody's got time

(Sing my song)

Nobody's got time, nobody's got time
(Sing my song)

Nobody's got time, nobody's got time
(I don't care...)
Nobody's got time, nobody's got time
(Sing my song)
Nobody's got time, nobody's got time

Woo-woo-woo-woo...

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time

Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
Nobody's got time, nobody's got time
