

# Rock You Good

Eddy Grant

You know, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight  
Oh, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight

Though I can only feel you in the dark  
I know that you feel alright  
Though I can barely hear the things you talk  
You're setting my fuse alight

Don't you think it's beautiful, darling  
Oh, don't you think it's wonderful, darling  
Don't you think it means something, darling  
That we could dance this way, yeah, yeah, yeah

You know, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight  
Oh, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight

I know there's people standing in the hall  
And maybe they'll see the light  
Between the cracks and crevice in the walls  
Everything we do's alright

But you dance so beautiful, darling  
And you move so beautiful, darling  
Will you keep your promise to me, darling  
Baby, please don't stop  
Can we go on and on and on and on

You know, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight  
Oh, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight

Don't you think it's beautiful, darling  
Don't you think it's wonderful, darling  
Oh, don't you think it means something, darling  
That we could dance this way, yeah, yeah, yeah

You know, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight  
Oh, girl, I'm gonna rock you good  
I'm gonna rock you good  
I'm gonna make you feel good tonight

Oh-oh, now, now (rock you good)  
Yeah (rock you good)  
I'm gonna make you feel good tonight

Oh-oh, I'm gonna rock you good  
Yeah (rock you good)  
I'm gonna make you feel good tonight

How, how, I'm gonna rock you good  
Hey, hey (rock you good)  
I'm gonna make you feel good tonight
