

Telepathy

Eddy Grant

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

You wanna know how I know all about you
You wanna know if it's something special
You don't believe me, somehow I hear you say
It can't be true, it's as though you're reading me

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

I didn't ask your friend or you'd know by now
You wanna know, ask your friend tomorrow
But as we danced along your music filled me
And just like that seemed you always knew me

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

Just come along and I'll give you a good life
Don't you see we're made for each other
Won't you stay by my side, stay tuned in to me
You know this will make us last forever

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

You wanna know how I know all about you
You wanna know if it's something special
You don't believe me, somehow I hear you say
It can't be true, it's as though you're reading me

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah

Telepathy, telepathy, ah
Na, na, na, oh-oh-oh-oh
Telepathy, telepathy, ah
