

# The Youth Tom Tom

Eddy Grant

Hey mister Charlie, I feel you tying up both of my hands  
I know I'm not a part of your plan  
Again you're taking over my land, oh Charlie

You've dealt a blow, to our heroes, way down  
Your reactor's blown, Chernobyl glows, way down  
Oh-oh-whoa-oh Charlie, hear the youth tom tom, against a neutron bomb  
Oh-oh-whoa-oh

Let's hear the youth from Paris  
What about the youth from Tokyo  
What about the youth from China  
They're banging on a youth tom tom  
Banging on a youth tom tom

Oh mister Charlie, the gleaming truth belong to my face  
You say I don't keep up with your pace  
And the hungry shout it out in my race, oh Charlie

You've dealt a blow to heroes, way down  
Your reaction's known, Chernobyl glows, way down  
Oh-oh-whoa-oh Charlie, hear the youth tom tom, against a neutron bomb  
Oh-oh-whoa-oh

Let's hear the youth from Paris  
What about the youth from Tokyo  
What about the youth from China  
They're banging on a youth tom tom  
Banging on a youth tom tom

You've dealt a blow to the heroes, way down  
Your reaction's known, Chernobyl glows, way down  
Oh-oh-whoa-oh Charlie, hear the youth tom tom, against a neutron bomb  
Oh-oh-whoa-oh

Let's hear the youth from Paris  
What about the youth from Tokyo  
What about the youth from China  
They're banging on a youth tom tom  
They're banging on a youth tom tom, yeah

Let's hear the youth from Paris  
What about the youth from Tokyo  
What about the youth from China  
They're banging on a youth tom tom (Maybe the last)  
They're banging on a youth tom tom (Maybe the last)
