

Just For The Sake Of The Thrill

Eddy Raven

I never knew anybody like you before
You hurt me so bad still I come back for more
Beggars like you never see things through
We both know you never will
You're only playing just for the sake of the thrill

Nobody ever touches your heart nobody ever will
You never fall in over your head
Just for the sake of the thrill
Just for the sake of the thrill

Like it or not you give all that you've got for free
First time around honey you sure fooled me
Most of the fun is the chase and the run not kill
Playing that game you played
Just for the sake of the thrill

Nobody ever touches your heart nobody ever will
You never fall in over your head
Just for the sake of the thrill
Just for the sake of the thrill

Nobody ever touches your heart nobody ever will
You've never been in over your head
Just for the sake of the thrill
Just for the sake of the thrill
