

No More One More Time

Eddy Raven

I should have done what I'm gonna do a long time ago
Givin' you up, you got me down to an all time low
I've been a fool, been a fool lovin' your kind
I'm gonna try something new to get over you this time

There'll be no more one more time
Baby I might be crazy but Ill never call you baby anymore
You had your last second chance at this old heart of mine
And there'll be no more one more time

I'd like to say, but I can't say that it's been fun
You had my heart locked away in the dark and it could use some
sun
I'm gonna miss you a lot, Honey I've got to let you go
So go on and try, maybe you'll cry, you'll never, never, never
know

There'll be no more one more time
Baby I might be crazy but Ill never call you baby anymore
You had your last second chance at this old heart of mine
And there'll be no more one more time
