

From Here, Today

Eden's Bridge

From here, today, I go
May Your love be with me
There is joy for me in the service of God
The most Holy One

Now in Your grace I go
Tis You I long to serve
To hear Your every breath
To feed upon Your word
Til serving You becomes my life

Now in Your name I go
I cast all doubt aside
Receiving, I will share
Your presence and Your life
To give of You and give again
To give of You and give again
