

## When Grace Abounds

**Eden's Bridge**

When grace abounds And my heart overflows with joy My God will  
stand beside me My God will stand beside me

When peace runs free And pours into the cup of life? My God wil  
l stand beside me My God will stand beside me

When in my pain I stumble blindly in the night My God will stan  
d beside me My God will stand beside me

When I seek rest My God will stand beside me My God will stand  
beside me
