

The Question

Eden xo

How can something featherweight
Feel so heavy at the time?
Kinda hit me like the ocean
Wasn't full proof, baby but it was mine
And you and I were

Up all night and we talked and talked 'bout life
At first light there was one thing on your mind

Ooh... the question
Ooh... the question

Tiny little circle burning right through your jeans
Kept it in your pocket
Ripped a couple stitches getting down on your knee
Can't help but cry

We're up all night and we talked and talked 'bout life
At first light there was one thing on your mind

Ooh... the question
Ooh... the question
When you know you know you know you know oh...
When you know you know you know you know oh...

Mmm...
Me and you

Ooh... the question
Ooh... the question
When you know you know you know you know oh...
When you know you know you know you know oh...
