

## Top Of My Wish List

Eden xo

I'm so heart broken this Christmas  
Really all year it comes and goes  
I can push it out of my mind until it starts to snow  
It should be about forgiveness  
So many tears can't stop the flow, oh no  
I've been stuck on you for sometime  
I'm trapped inside like I'm in a globe

You can't take it back  
You know what you did  
Please don't send a card  
Don't send a gift, no  
Don't go break my heart  
Saying that you miss us  
Just let me move on this Christmas

It's a polar opposite season  
It's holly jolly or freezing cold  
I play it off at all the parties  
Then cry when I get home  
Baby, you never gave a reason  
You just took off eleven months ago  
Fix my lipstick in the mirror  
Blow myself a kiss under the mistletoe

You can't take it back  
You know what you did  
Please don't send a card
