EDEN

Ooh, ooh, ooh-ooh  
Ooh, ooh-

And we looked like a slasher film  
Playing out of sequence  
Baby, it's just feedback  
Looping up my demons  
Told them if I'm gonna die it's with you  
But you were like the breeze when it's one hundred-three  
Felt like if we don't sleep then tomorrow's just a dream  
Oh I hope they don't find us, tonight

If time could stand still  
If I could change  
Maybe I'd have found the words  
To tell me, to tell you, to say  
I could have stayed here forever

And we look like a slasher film  
Cut up out of sequence  
Running from a crime scene  
Baby, I'm still bleeding  
And I can never go back, yeah  
I just want you to know that  
I've been staring at the ceiling  
Looking for a breach  
Even in the silence, I can hear you say  
The end's just seconds away

But if time could stand still  
If I could change (Ooh)  
Maybe I'd have found the words (To tell you)  
To tell you that

I feel like I could puke my guts up  
If they weren't already on the floor  
I feel like I'm losing grip on, and on  
And you can grab my hand as we run off  
Maybe we'll make it after dawn  
But in the sunlight, we'll be different

If time could stand still  
If I could change  
And maybe I'd have found the words  
To tell you, to tell you, to say  
I could have stayed here fore-  
Ooh, ooh, ooh-
