

Again

EDEN

Does it feel good, that I'm gone again,
Is it enough, that I'm wrong again,
And you, won't know
And you, don't know
That you took it all
And it falls again but I don't care
And you...

And all,
We got is slowly fallin'
All,
I'd just do it all again
And oh,
I could be with you if you're callin'
And life,
Won't get the best of me again

All,
We got is slowly fallin'
And life,
Won't get the best of me again
