

And if I told you how this story ends,  
Would you change a step you take?  
And if I could re-live all of my days,  
I'd live them all the same.

'Cause I'm scared of all that I don't know,  
'Cause I want it all but all of it ain't gold.  
And I'm scared but I know it's not for long  
'Cause I'm learning what I should've long before.

That all we are  
Is a light into the darkness;  
And all we are  
Is time that's counting down.  
And all we are  
Is falling through the spaces in between;  
Endless flight,  
A lifetime in repeat.

But I still find solace,  
When you say  
That you know how I feel  
When it's wrong,  
And we ain't been right for years.

Let go, give these ghosts a new home;  
Let's bury our past and our fears, and all these bones.  
Let's go, I should've seen it long before;  
'Cause this is my life  
I will not run in circles  
Ending where I start.

So hold on to me,  
We'll burn out slowly.  
And feel our hearts leap  
To words we don't mean:

Love means nothing to me,  
'Cause I don't know what it is.  
I'm just dying to be  
All that I've been dreaming of.  
And words betray me,  
Contradict all I stand for;  
But I'm still learning.  
Yeah, I'm still learning

That all we are  
Is a light into the darkness.  
And all we are  
Just time that's counting down.  
And all we are  
Is falling through the spaces in between;  
Endless flight.

We're falling to our knees.
