

## Fallout

EDEN

Tonight the city is ours  
We've got that fight in our hearts  
And you just never know  
If you never try  
Be broken and fall  
Our backs to the wall  
We're growing,  
We're growing.

Tonight the city is ours  
We've got that fight in our hearts  
And you just never know  
If you never try  
Be broken and fall  
Our backs to the wall  
We're growing,  
We're dying to fallout  
We're dying to fallout  
Just trying to fallout  
Dying to fallout.

Dying to fallout [x8]

Ashes to ashes we all fall down  
Last year's a memory, it's over now  
Bright lights will blind us till they all blur out  
There's a stopping of now.

Tonight the city is ours  
We've got that fight in our hearts  
And you just never know  
If you never try  
Be broken and fall  
Our backs to the wall  
We're growing,  
Dying to fallout  
Dying to fallout  
Just trying to fallout  
Dying to fallout.
