

I can't find you  
But can't fault you, 'cause I  
Can get so caught up in my own head  
You just float through, I can't catch you  
And I can understand, but can't face the feeling  
That I'm just another end

So when you coming home?  
I could be what you need girl, if you want me to  
You know what they say, bruh, that love gon' come back to you

But I can float too, and I don't ask for much from you  
But maybe that's too much, too soon  
So I keep rolling through the blackout  
No fires without some fallout  
Made peace out of the pieces  
Not, I can't take it back, no, no  
But I keep on track now up, and yeah, that's all of it  
I gave up my youth for this 'cause I wanted it, and...  
If think that I need you then you're out of your head  
But I want you

So bring me down and drown me out  
I'll be waiting here when you're ready  
And I'll lay me down, unfinished now  
It hurts

So when you coming home?  
I could be what you need girl, if you want me to  
You know what they say, bruh, that love gon' come back to you

Come back to you, come back to you  
Oh, it's always you, gon' come back to you  
Come back to you, gon' come back to you, yeah  
Come back to you

So bring me down and drown me out  
I'll be waiting here when you're ready  
And I'll let me down, unfinished, yeah, yeah, oh

When you coming home?  
I could be what you need girl, if you want me to, if you'll let  
me  
You know what they say, bruh, that love gon' come back to you
