

# Gone

EDEN

It's arguments at crossroads  
No I don't drive slow  
But it's better than not moving at all  
And you could let the top blow  
Or just see it how it is  
Cause it ain't long until there's nothing at all  
And I saw you flip  
Got your endgame wrapped around your trigger finger's fingertip  
But if you pull it I'm gone  
So just breathe in, breathe in

Cause if you're not looking  
Then you're never gonna find it  
And if we're not trying then we're never gonna fly this  
But you don't have to say it

Cause I'm leaving here  
Yeah I'm leaving here  
Yeah I'm leaving here  
Right now  
And this world is screaming out  
So far from here  
No I don't know where I'm going but I know I'm gone

It's arguments at crossroads  
No I don't drive slow  
But it's better than, better than not at all  
And you could let the top blow  
Or just see it how it is  
Cause it ain't long until there's nothing at all  
And I saw you flip  
Got your endgame wrapped around your trigger finger's, trigger finger's tip  
But if you pull it I'm gone

So just breathe it, breathe it  
Breathe in  
Cause if you're not looking  
Then you're never gonna find it  
And if we're not trying then we're never gonna fly this  
But you don't have to say it

Cause I'm leaving here  
Cause I'm leaving here right now  
I can't just let this go  
And though it's hard I'll find my way back home  
Cause I'm leaving here  
Yeah I'm leaving here  
Yeah I'm leaving here  
Right now  
And this world is screaming out  
So far from here  
No I don't know where I'm going but I know I'm gone
