

I Am

EDEN

Don't look down, keep following my voice
It's all around, the consequence of my choice
And oh please don't go, I won't forget you

I don't have time for
Got no time to play God
While you were wishing for romance
I was wishing it's over

And I'm wishing I told you
And I'm wishing I'd found her
And now you're hoping for closure
And I am, I am, I am, I am a coward

We will all fall,
And they will all talk
And it's all my fault
And I am, I am, I am, I am a coward

And we will all fall,
And they will all talk
And it's all my fault
And I am, I am, I am, I am a coward

We will all fall,
And they will all talk
And it's all my fault
And I am, I am, I am, I am a liar

Hold your breath, but I can't take it
Hold you heart, but I can't break it
I guess it's cold, but I've been sold
That's easier, you know, you just let go

And I, I've never let you know
But I, I can't lose myself to let you go
And just leave it all behind
Cause we all pretend I'm sorry
We can almost get on just fine

Falling slowly, the sky's are above me
And scattered hope has found their way to me
You know what I forgot, and I know just who I'm not
And I won't, I won't, I won't be who you want me to be

And we will both fall
And they will all talk
And it's all my fault
And I am, I am, I am, I am a coward

There would be loss
And no one could've saved us
And that is all my fault
But I am, I am, I am, I am a hero

We will both fall,
And they will all talk

And it's all my fault
But I'm not, I'm not, I'm not, I am not sorry
