

Jusqu'ici tout va bien  
Jusqu'ici tout va bien

Ten tonne, ballast on my chest  
As I woke up, a heavy inhale  
For the nights you stole, oh  
 Fucked up, the balance in my head  
But it's all good  
I'll see you again another (Dream)  
Oh

But I miss the way the sun streamed through my window  
And I miss the way you almost held the tide  
But still it's nice, dreaming that you're somewhere  
Feeling the same heat that I did  
Another time (I know, I know)  
If invisible lines lead your way back to me  
Walk the line

I said I'd walk you home but we still went our own way  
The tears lost in rain on your cheekbones in silence  
And I pulled my head out the darkness in your house  
Can't stay 'til the morning, refracted my way out  
From nightmares in my car, as I lay beside you  
And fucked up my timeline and twisted your end with  
So much still to go, as the sun sets behind you  
I can't let it go, you can't hold me  
I can't always, oh

Talk it out  
Cut me off  
Chalk it down  
To my head  
Ba-balancing my head  
Slow it down  
Rise and fall  
Chalk it down  
To my head down

And I miss the way (Talk it out)  
The sun streamed through my window (Cut me off)  
And I miss the way (Chalk it down)  
You almost held the tide (To my head)  
But still it's nice (Balancing my head)  
Dreaming that you're somewhere (Slow it down)  
Feeling the same heat that I did (Rise and fall)  
No fear no fall (Chalk it down) (I know, I know)  
If invisible lines lead your way back to me (To my head)  
Still I got nothing, woah

Comme les nuits quand je ne savais pas encore  
Comme les nuits qui m'ont appris à aimer les adieux  
Comme les nuits quand on croyait que tout irait bien  
Mais cela n'a pas d'importance car les nuits  
Bruyantes/brillantes  
Bruyantes/brillantes  
Bruyantes/brillantes

Sont toutes pareilles à la fin
